

Midwest Center for Occupational Health and Safety
University of Minnesota School of Public Health
2221 University Ave. SE #350
Minneapolis, MN 55414

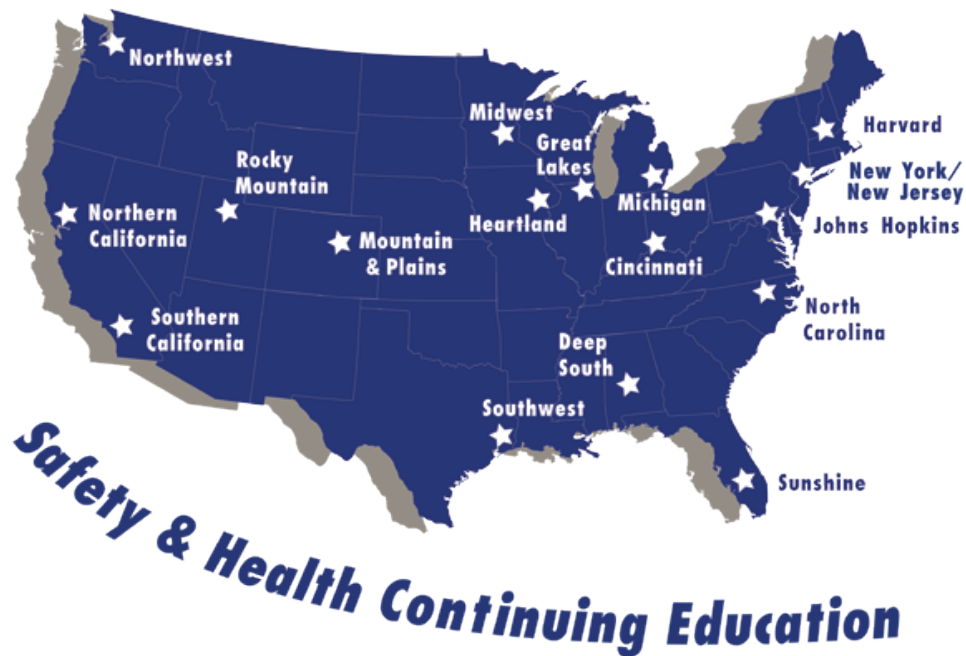

National Institute for Occupational Safety and Health (NIOSH) Education and Research Centers (ERC)

Looking for continuing education in areas of occupational medicine, occupational health nursing, occupational safety or industrial hygiene? Check out course topics (listed inside) offered by the 17 NIOSH ERCs.

Find out specific dates and times by visiting the NIOSH ERC website at www.niosh-erc.org or individual ERC websites at the web addresses listed in this brochure. Phone and fax information are also provided for individual ERCs.

Education and Research Centers for Occupational Safety and Health

Supported by the National Institute for Occupational Safety and Health (NIOSH)

ABOUT NIOSH NIOSH was created to conduct research and training and make recommendations for the prevention of work-related illnesses and injuries. NIOSH developed the Education and Research Centers (ERCs) and currently funds 17 ERCs (stars on map) at universities to serve as regional resources and provide multidisciplinary graduate and continuing education programs in occupational medicine, occupational health nursing, industrial hygiene, occupational safety, and closely related fields of study.

www.niosh-erc.org

Course Topics Offered

Listed below are current Continuing Education course topics offered by the NIOSH ERCs. ERCs also offer graduate-level courses. Not all Centers offer all topics and Centers introduce new topics throughout the year. Get the most up-to-date course information at each Center by checking out their website or the NIOSH ERC website at www.niosh-erc.org.

- Aerosols / Bioaerosols
- Agricultural Health and Safety
- Asbestos
- Asthma in the Workplace
- Audiometric / Occupational Hearing
- Back Injury Prevention
- Biological Hazards
- Bioterrorism
- Chemical Safety
- Confined Space
- Construction Safety Management
- Cumulative Trauma Disorders
- Disability Management
- Disaster Preparedness
- Economics of Safety and Health
- Education / Communication
- EHS for Educational Institutions
- Electromagnetic Fields
- Environmental Assessments / Audits Regulation
- Environmental Health
- Epidemiology
- Ergonomics
- Exposure Assessment / Monitoring
- Hazard Communication / Right-to-Know
- Hazardous Waste Management
- Hazards to Health Care Workers
- Health Hazards and Safety in Fishing and Forestry
- Health Promotion
- Housing and Urban Development
- Indoor Air
- Industrial Hygiene
- Industrial Hygiene Review
- Infectious Diseases
- Injury Prevention / Assessment
- Internet / Health and Safety Resources
- Laboratory Safety and Design
- Laser Safety
- Lead Hazards / Lead Abatement
- Leadership Skills for Occupational Safety and Health
- Legal and Ethical Issues
- Management
- Medical Case Management
- Mold
- Nanotechnology
- NIOSH Approved Spirometry
- Noise Control
- Nuclear Emergencies
- Nursing Home Safety
- Occupational Dermatology
- Occupational Health for Community Health Centers
- Occupational Health Nursing
- Occupational Health Psychology
- Occupational Medicine
- Office Safety and Health
- OSHA
- Overview of Industrial Hygiene Calculation
- Pesticides
- Preparedness
- Process Safety Management
- Public Policy
- Pulmonary Function Testing / Spirometry
- Radiation: Ionizing and Non-Ionizing
- Radiation Safety
- Radon
- Respiratory Protection / Respirators
- Risk Assessment / Risk Management
- Safety
- Stress and Depression
- Toxicology
- Travel Health
- Ventilation
- Violence in the Workplace
- Worker Training
- Workers' Compensation
- Writing Skills
